10/24/02
I.1

AGENDA

October 24, 2002

1. Map showing known and suspected areas of contamination; remediated areas in Streeterville. Ideas on distribution.
2. Protocol. Status, distribution.
3. Status of the cleanup at 341 E. Ohio.
4. DuSable Park
5. Kraft Building.

NOTE: Naren has to leave by 11 am.

Subject: Re: Joint Meeting, October 24

Rich, a couple of things:

-If you all decide the distribution of the map and protocol should involve Alderman Natarus, we can discuss this with him the next time we meet (no time set yet, but we can do pronto.) Best thing to do would be to give him a "package," including the draft of a cover letter from him.

-You and your committee might want to know that the Chicago Park District finally has DuSable Park on its agenda—and, we hope, in its budget. This concerns the design/building phases that follow the clean up. There will be a CPD hearing on Wednesday, October 30, 4 p.m. at 531 N. Fairbanks (Time-Life Building), Park District offices. Mary Lunz Houston and Kathleen Carpenter will be attending for SOAR, anyone else is most welcome.

Thanks,
Rosalie
